## EDUCATION

**JIMS Engineering Management Technical Campus, GGSIPU Affiliated** Nov 2022 – July 2026  
*Bachelor of Technology in Computer Science Engineering* 8.70 CGPA

## EXPERIENCE

**Vice President** Mar 2024 – Present  
*Hashtag Coding Society*

- Drove technical development initiatives within the Hashtag Coding Society, cultivating a collaborative environment focused on innovation and skill enhancement.
- Organized and facilitated coding competitions, workshops, and hackathons, fostering technical excellence and community engagement among peers.

**Data Analysis Trainee** Dec 2023 – Jan 2024  
*Deloitte*

- Executed a comprehensive data analysis project at Deloitte, demonstrating proficiency in extracting actionable insights from complex datasets.
- Developed and implemented a data dashboard using Tableau to visualize key metrics, providing stakeholders with clear and concise business intelligence.

**Web Developer Intern** Aug 2023 – Sep 2023  
*Codsoft*

- Led the development and execution of frontend tasks at Codsoft, enhancing user experience and interface design principles.
- Achieved project milestones and contributed to team success through meticulous attention to detail and adherence to project timelines.

## PROJECTS

**Second Brain** | *Next.js, Shad CN, TypeScript, AI*

- Developed a full-stack application named "Second Brain" which uses AI to assist users in organizing and retrieving information efficiently.
- Implemented advanced AI features to automate note-taking, task management, and information retrieval.
- Utilized Shad CN for enhanced UI/UX design, providing a seamless user experience.

**Dev Finder** | *Next.js, TypeScript, React*

- Built a web application to connect developers for pair programming sessions through video calls.
- Implemented features for real-time screen sharing and collaborative coding.
- Ensured smooth user interaction and state management using React and TypeScript.

**IMDB Rating Checker** | *React, Tailwind, Appwrite*

- Developed a web application that allows users to search for movies and retrieve IMDB ratings using an intuitive interface.
- Implemented features such as filtering movies by rating, genre, and release year to help users find the best movies efficiently.

## TECHNICAL SKILLS

**Languages:** Java, Python, C/C++, SQL (Postgres), JavaScript, HTML/CSS  
**Frameworks:** React, Node.js, Next.js, Flask, WordPress, Material-UI, FastAPI  
**Developer Tools:** Git, Docker, Google Cloud Platform, VS Code, Linux, PyCharm, IntelliJ, Devcpp  
**Libraries:** pandas, NumPy, Matplotlib

## EXTRACURRICULAR ACTIVITIES

- Member of the Coding Club, actively participating in coding competitions and hackathons.
- Volunteered at local community centers to teach basic computer science concepts to children.
- Participated in various online coding challenges on platforms like LeetCode and HackerRank.
